MINUTES OF MEETINGS
OF THE
Board of Commissioners

OCTOBER, 1919

**NEWARK, N. J.,
October 2nd, 1919.**

A regular meeting of the Board of Commissioners of Newark, N. J., was held on the above date in the Council Chamber, City Hall, Newark, at 11 o'clock a. m.

Present: Commissioners Archibald, Monahan, Raymond, Mayor Gillen.

Absent: Commissioner Brennan, on account of illness.

The minutes of the meeting of September 25th, 1919, were read and approved.

Mr. William B. Gwinnell appeared before the Board to urge the standardization of salaries of city employees as recommended by the State Civil Service Commission. "On behalf of the special committee of the Board of Trade appointed with reference to this subject, I desire to endorse this plan of the State Civil Service Commission. At a meeting of the Board of Trade held last February, in a report on city expenditures, the most important specific recommendation was the standardization of salaries through the use of the services of the State Civil Service Commission, because of the high cost of living and adjustment of just standards of compensation for city employees. I trust that you will give favorable consideration to this proposal of the State Civil Ser-

vice Commission to formulate specific recommendations for the standardization of salaries of city employees."

Commissioner Archibald: I still insist that we ought to wait until the Municipal Bureau of Research submit their report. They have made a very exhaustive investigation of the salary question and I am informed that their report will be submitted to the Commission within a few days.

Commissioner Raymond: I would like to know who these people are who are going to tell us how to run our business. We are keeping the tax rate down; my department is well able to take care of itself. I do not see any reason why I should endorse the recommendation of any one with reference to the standardization of salaries of city employees.

Civil Service Commissioner Wright: I have a statement regarding the standardization of salaries of city employees which I will read.

Mr. Mayor and gentlemen of the Commission: The Legislature of 1918 passed a law requiring the State Civil Service Commission to prepare a classification and salary standardization plan for the classified civil service of the State, and made the acceptance of this plan compulsory for the State service. At the same session a bill was introduced which subsequently became Chapter 54 of the Session Laws of

1918, requiring this Commission to prepare a similar classification of the classified civil service of the various municipalities operating under its jurisdiction, and "suggest standards of salaries or wages to be paid" all officers and employees in such service. Acting in obedience to this statute, the Commission has prepared a classification and standardization plan for Mercer County, Union County, Passaic County, Bergen County, the cities of Paterson and Elizabeth, and is starting the work in Trenton. The work on the smaller municipalities is practically completed, and we believe will be adopted in every case as soon as it can properly be placed before the respective governing bodies, and we are ready and willing to proceed with the classification of the Newark Service.

The need for proper classification of public employees has been apparent to public officials for a long time, and the employment problem in the public service has been rendered acute by the conditions growing out of the war. Up until 1917, the interest in this matter had not become general. Chicago did establish a classification of its civil service as much as ten years ago, but it fell into more or less disuse. New York City, a few years ago, spent a great deal of money on the same problem, but with changing administrations little was accomplished. A Senate Committee made a study and an elaborate report of the New York State Service, but the interests back of the old unbusiness-like methods of fixing salaries and compensation prevented its adoption.

As the demands on the public treasury for carrying on the ordinary activities of government have increased, and as the problems of just and fair compensation for public employees has become a matter of great importance, administration authorities everywhere have found it necessary to recognize the importance of the employment

situation and have been seeking to substitute for the old employment and compensation methods a new policy based on sound business principles. The classification and standardization plan has been in operation in the State Service for two years and during the most difficult period in our history, and we have accomplished more in the equalization of salaries and in establishing a sound employment policy in the State than the strongest advocates of the classification principle believed would be possible for even normal times. In our own State and in Illinois, Ohio and Wisconsin, a classification plan has been applied, as well as in a number of county and municipal services, and work is already in progress, or about to begin, in Canada for the 60,000 employees in the Dominion Service; in the City of Montreal; in the Province of Quebec; in the United States Service, for the more than 100,000 employees stationed at Washington; in Colorado, Idaho, Connecticut, Baltimore, Philadelphia and Toronto.

Equal pay for equal service, the establishment of a minimum for each kind of service, an increase from year to year to a reasonable and fair maximum, above which an employee should not be paid so long as he continues to perform that kind of work, are the primary bases upon which the classification and salary standardization plan is to be established. Everyone acquainted with the present practices knows that employees in one department or branch of the Service in many cases are carrying less responsibility, performing actually less work and receiving as much as 100% more salary than employees of equal qualifications and performing equally important work in other departments. This is neither fair to the employees, nor to the public, and does not tend to produce good feeling, enthusiasm or greater efficiency in carrying on departmental work. A classification

plan will, on the one hand, acquaint the worker as well as the employer, with the possibilities of his position; it will provide a definite and fixed plan of promotion by which the ambitious and capable employee may proceed step by step from the lowest to the highest position in the Service; it will prevent, largely, discrimination against one class or grade of employees in favor of another class or grade, and will be a powerful incentive for more efficient service. It will, on the other hand, be of direct and practical value to the various Departmental Heads and the Commission as a whole in preparing the budget estimates from year to year, and determining proper compensation advancement, in that they will have access to complete and detailed information concerning every position and every group of positions in the public service.

I do not believe that there is need for extending the argument in favor of a classification system. You have already established something of the kind in the Water Department, which has worked well, and a very definite classification has been established for years in the Police and Fire Departments. No one would undertake to defend the proposition that there should be no fixed standard as to rank or salaries in the Police and Fire Departments, and that the Commission in passing on proposed salary advances should take up the individual cases; yet this is exactly what is being done throughout the City Service. If it is a good thing to have some plan of classification in the Water Department, and it is essential to have definite ranks and grades in the Police and Fire Departments, it can be argued with equal force that the same necessity prevails in all other departments throughout the City Service.

The question which naturally arises in the minds of the public and the administrative heads is, will it tend to reduce the cost of the

public service, or will it increase the cost, and the employees will be anxious to know whether they will fare as well under a classification plan, in which they will be placed in the proper grade for their respective positions, based upon a careful study of the work which they perform, their duties and responsibilities, as under the present system. In answer to the first question, we cannot assure either the public or the Commissioners that it will reduce the present salary budget; it will probably not. Neither can we give assurance that it will cost less in the future than the plans which have heretofore been followed. These are matters that will depend entirely on the liberality of the Commission in providing further increases and the needs of the Service, but it will make possible the handling of this highly important problem in a business-like way, and will provide the machinery for the equalization of salaries, which is recognized as fundamental to the fair treatment of public employees. In reply to the question which will be raised by the employees, we can assure them that their positions will be fairly and honestly appraised, and that the salary limits placed on such positions will be determined upon after the most careful consideration, and that the maximum of such limits will be as much as the public can be justly asked to pay in exchange for the type and character of service rendered. No one can justly ask more than this. Definite steps will also be provided for promotion from one grade to another, and the same opportunity, or even better opportunities, for advancement will be had under the new plan.

I shall not attempt to discuss in full detail all that the classification study involves. It means, briefly, that we shall be required to make an intimate and careful study of everyone of the 5,000 or more positions in the City Service, and appraise the duties performed in comparison with those

performed by every other city employee doing a similar kind of work, and to establish a plan in which every employee will find his proper and logical place. This will involve a tremendous amount of work and the procedure will be somewhat as follows:

History and duties cards, or questionnaires, will be distributed, through the Department Heads and the Branch Bureau Heads, to every individual employee in the Service, after conference and discussion with such Department and Bureau Heads as is necessary for them to fully understand the purpose of this work. These records, on their return, will be checked with the departmental lists and payrolls, will be classified into service and grades, as the character of the duties require, and a tentative classification plan for each department will be prepared. We shall desire, through conferences, the closest co-operation and the frequent advice of the Departmental, and Branch or Bureau Heads, to whom we will submit our tentative classification. Through these conferences, which will reach all the way from the individual up to the Director, it will be our purpose to see that every position, no matter how unimportant, shall be given its proper place in the classification scheme, and with the re-adjustment and the corrections that are to be made as the work progresses, we feel that, with the full co-operation of the City Authorities, we shall be able to place before the Commission a complete plan by December 15th.

In undertaking the work, since we do not have sufficient funds, we will be obliged to ask the Commission to furnish us some assistance and to authorize the expenditure of a small amount of money. Our work will not interfere with departmental business. We would request the Commission to authorize:

1. The expenditure of a sum not exceeding \$5,000 for this work,

which is to be expended only in paying extra assistants which cannot be furnished by our own force or by the departments, for necessary supplies such as stationery, typewriter rental, etc., and necessary traveling or living expenses. We may be required to spend the full amount or we may be able to complete the work with half this amount.

2. The detail of one employee by each Commissioner to assist us in collecting the preliminary data, whose services will be required for probably one month.

3. The employment of three clerk-stenographers for a period of about three months.

4. The rental of three typewriter desks and machines, if they cannot be supplied by the departments.

5. Assignment of sufficient office space to accommodate a half dozen employees.

With this outlay and assistance, we believe the work can be accomplished at a minimum expense amounting to not more than 20% or 25% of the cost to the City if a private concern was called in to do the work, and we also believe that our intimate knowledge of the employment problems in the city will make possible a much better classification than could possibly be made by outsiders who are not acquainted with local conditions.

In conclusion, I want to say that we will not expect to establish a perfect classification and one that will not need adjusting and changing to meet conditions as they arise from time to time. We shall not hope to prepare a classification which will provide that every employee shall receive the maximum salary to which he personally feels that he is entitled. We can and will, however, establish a classification based on fairness and justice, both to the employee and the employing public, and one which will establish without question the proper basis for the

development of a better and more effective method of handling this important problem of municipal administration.

Ordered filed.

Mayor Gillen: Mr. Messick, how long do you think it would take to make this report?

Mr. Messick: If the work is started at once the report will be ready about the 15th of December. We would suggest that we have three or four men on our staff. I would supervise the work and I will ask one or two of our employees to work here continuously during the period. If we can have one man who is well acquainted with the workings of each department, appointed by each director to assist in collecting the data, I calculate we can have the report ready about the 15th of December.

Mayor Gillen: I might say that there are many glaring inequalities in salaries among city employees. I know it is particularly so in my department and I know it is so in some other departments. I feel that you won't get real efficiency, you won't get the proper kind of co-operation and you won't get the results that we should get from city employees until these salaries are standardized or the positions are classified properly. Now, it seems to me since the law has been passed authorizing the State Civil Service Commission to do this, and since the Civil Service Commission and its agents are so familiar with our payrolls, that they would be the proper agency to do this work, particularly so inasmuch as they come to us to advise us and to confer with us on this matter. This is actually a process of standardization in which the city employees and the Civil Service Commission will collaborate. We are working together on that and it does seem to me that that will produce the best kind of results. I do not think there is any man who can say that we do not need some method of standardization of salaries. I do not believe there is

anybody who would say that these inequalities do not work against efficiency, work against harmony and work against accomplishing the proper results that should be accomplished by our city employees. I am willing to go right ahead and place my department under the Civil Service Commission. I think this is only fair and proper to the city employees, and once this is done we will have ten times less the amount of trouble over the salary question.

Commissioner Monahan: I would like to have the salaries of employees in my department standardized. I have delegations calling on me every day urging the necessity of more salary for employees as they claim the men cannot exist on the salaries which they are receiving. I am in favor of having the Civil Service Commission make this standardization, but I think we ought to wait until we hear from the Municipal Bureau of Research before going ahead with this plan.

Mr. Gwinnell: The report of the committee will be handed in to the City Commission before very long. I feel that the data will be placed at the service of the Civil Service Commission, for after all, as I understand it, under the law any scheme for standardization of salaries would have to come under the review of the State Civil Service Commission, and so this data or recommendations would simply be turned over to the State Civil Service Commission for their use to help expedite the matter.

Commissioner Archibald moved that this matter be laid over for one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Monahan, Raymond, Mayor Gillen.

Attorney William C. Caruso, representing the Barbers' Mutual Aid Protective Union, consisting of two

hundred master barbers in the city of Newark, appeared before the Board to urge the passage of the ordinance closing barber shops on Sunday. "The Barbers' Mutual Aid Protective Union are unanimously in favor of the passage of this ordinance. Aside from the members of this association there are about three hundred independent master barbers in the city who have already signified their intention to have this ordinance passed, so that out of possibly 540 or 550 barber shops in the city of Newark we have an overwhelming majority of master barbers in favor of the passage of this ordinance. The ordinance is also favored by a great majority of journeymen barbers, because after all there is absolutely no argument that can be presented by them opposing this ordinance."

Counsellor E. Garfield Gifford, Mr. Bach of 1036 South Orange Avenue, Mr. Genario Saverio and Rev. Plainfield also appeared before the Board to urge the passage of the ordinance.

Attorney Joseph J. Braelow appeared before the Board to urge the defeat of the ordinance on the ground that it is unjust and would work a great hardship upon the Hebrew hill population.

Commissioner Monahan: Two weeks ago, when this ordinance was taken up on first reading, I opposed it on account of the fact that I thought the great majority of barbers were in favor of keeping open. I am convinced now that the majority are in favor of closing, so I will vote for the ordinance.

Mayor Gillen: I feel the same way as Commissioner Monahan does about it. The great majority of barbers seem to favor this ordinance, and I am with the majority where they so declare themselves.

Commissioner Monahan moved that the following ordinance be taken up on second reading.

"An ordinance to prohibit the

opening and operation of barber shops in the City of Newark on the first day of the week, commonly called Sunday, and providing for penalties for violation thereof."

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Monahan, Raymond, Mayor Gillen.

The clerk then read the ordinance by sections.

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

Section 5 declared open to amendment.

Section 6 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

The ordinance having been read a second time, Commissioner Monahan moved that it be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond moved that the ordinance be taken up on third reading and final passage October 16th, 1919.

The roll being called, the motion was declared adopted on the following votes:

Yeas — Commissioners Archibald, Monahan, Raymond, Mayor Gillen.

Mr. Daniel J. Spaide appeared before the Board to oppose the present zoning system. "I represent the Essex Trades Council, which is opposed to the present zoning system of the

Public Service, and they ask that the Commissioners try to bring about some means of redress for the people of the City of Newark. It was proposed by the Council that this Commission have their counsel attend the hearing at Montclair."

Commissioner Raymond: The only way to get redress is to get rid of the Public Utilities Commission.

Dr. W. G. Hanrahan: The Federation of Improvement Associations went on record last Monday on this very proposition, and we would like the Board to make a vigorous protest against the zoning system here in the city to the Governor and to the Board of Public Utilities Commissioners themselves.

Mayor Gillen assured the gentlemen that the Board is opposed to the zoning system and that everything will be done by the city to bring about some means of redress for the people.

Dr. Hanrahan: I would like to call your attention to the housing problem. Only this morning two of our reputable citizens were put out on the street. Their rent has been raised \$7.00. They received four raises within a year. They are working people and I think this Commission should devise ways and means of getting some of the money that is being paid by the taxpayers and build bungalows or houses for the people to tide over this condition. It is making the very conditions that we do not want and is responsible for the unsettled social conditions throughout the country at the present time. We know that people are living in cellars and garrets because they have no place to go.

Mayor Gillen: The committee met and I appointed Mr. O'Rourke, Captain Gasser and Miles Beemer, secretary of the State Tenement House Commission, to suggest some plan for the construction of portable houses in Newark. The situation is very serious, as Dr. Hanrahan has pointed out, and there are scores—

probably hundreds—of families now being evicted without them having places to go to. Mr. O'Rourke, Captain Gasser and Mr. Beemer believe that this situation could be relieved by the city building portable houses. The Board of Education has several sites; it has the old asylum grounds, the vocational school site on Sussex Avenue and some playground sites that are not being used. There is also a big plot in the Vailsburg section and another big plot in the Weequahic Park section that could be used by the city. The whole question is to get money to pay for these houses. If the city had it, the city would not probably lose a cent because the people who want houses are willing to pay the rent. London and Glasgow, I think, have built a lot of these little houses in the public parks. I think the City of Newark has got to do something to relieve the situation. This is an emergency and there will be a calamity unless we do something to meet the situation. Every day there are at least one hundred people complaining to Morgan, coming in with summonses that they are going to be evicted.

Commissioner Raymond: Have we any legislative authority to spend any money for this purpose?

City Counsel Congleton: I have not looked into this matter, but my off-hand opinion is that I know of no authority vested in the city to raise money for any such purpose. The Budget Act contains a provision for the issuance of bonds to meet certain emergencies, but the act specifies with considerable particularity the emergencies intended, such as fire, flood, explosion, storm, epidemic, recovery of judgment, act of God or the public enemy, or for the preservation of order or public health, or for restoring to a condition of usefulness any public property which has been destroyed by accident or by happenings that could not have been anticipated.

I am not prepared to say that where the statute states that we may issue emergency bonds for the preservation of order or public health that this is broad enough to cover the matter now under consideration.

The Home Rule Act, by Section 15 of Article 37, after specifying certain things that it may do, but did not include the erection of houses, provides that the governing body may maintain and operate any other plant or facility for rendering or supplying any service or commodity whatsoever to such municipality or the inhabitants thereof.

These are the only provisions that I recall off-hand that have any bearing on this subject at all.

Mr. Anton Uhl complained that his cellar is always flooded after rainy weather due to the poor condition of the Jabez Street sewer and requested the Board to have this condition remedied at the earliest possible moment.

Commissioner Raymond assured Mr. Uhl that the city will go right ahead with the work and do whatever they can to relieve the situation.

Mrs. Harrington Miller, owner of 50 feet frontage on Backus Street, protested against the paving of this street.

Mr. Meniken, president of the Northern Feather Works, complained of the poor transportation facilities to their factory through the Backus Street entrance. "We have been told that the sewer job that is now in process of being carried on would relieve that situation in Backus Street. If this is the case we would like to oppose the paving of the street. On the other hand, if this is not going to afford the necessary relief we would like to favor it. I would suggest the use of Ferdinand Street by the city's wagons for carting ashes and garbage. We own about 150 feet on Backus Street, and if the paving job is an absolute necessity I am in favor of it. We

do a great deal of export shipping and we have had trucks break right down on Backus Street."

Engineer Howell, who was called upon by Commissioner Raymond, stated that this improvement was started not only for the benefit of the property owners but also for the benefit of the garbage wagons for the delivery of garbage and ashes, and that the city at large will stand at least 50% of the assessment for this improvement. He stated that the sewer would not afford any relief or make any improvement in Backus Street.

Engineer Costello stated that he did not think the city ought to use Ferdinand Street for transporting ashes, etc., as it was a round about way and would waste time and labor.

Commissioner Raymond: This is one of the cases where we have to make the improvement and the city pays half the assessment. We cannot always regard each individual owner where it is so necessary to make the improvement. In this case I do not think we can postpone the paving of the street.

The following communication was received and read:

ATLANTIC DEEPER WATERWAYS
ASSOCIATION

The Crozier Building,

Philadelphia, Pa., Sept. 27, 1919.

Board of Commissioners,

Newark, N. J.

Gentlemen:

There is enclosed herewith the

Official Call for the Twelfth Annual Convention of the Atlantic Deeper Waterways Association, to be held at Charleston, S. C., November 10th to 13th, 1919, inclusive.

Very important questions connected with our national transportation system are now calling for solution. An assemblage of those having knowledge of and interest in waterways and water traffic, whether as manufacturer, shipper, merchant, statesman or observer of public affairs, will render very helpful service in arriving at needed conclusions and recommendations.

Your organization is invited to appoint a representative delegation to attend the convention. No limitation is set on the number of delegates to be appointed; the by-laws of the Association, however, fix the voting strength of the delegation as one vote for each \$5.00 paid as annual dues into the treasury of the Association.

We trust that you will bring this matter in due form to the attention of your Board and that you will forward as promptly as possible to Association headquarters the names and addresses of delegates appointed in order that they may receive convention literature.

Earnestly bespeaking your interest and co-operation,

Very truly yours,

(Signed) J. HAMPTON MOORE,
President.

Attest:

WILFRED H. SCHOFF,
Secretary.

Commissioner Archibald moved that the communication be referred to the Director of Streets and Public Improvements and that he be authorized to appoint delegates to attend the convention.

Commissioner Archibald: I wish to make a report on the receipts I have received for the Corpus Christi fund. I have received from the newspapers and the various theatres in the City of Newark the sum of \$1,409.51 for this fund. This money ought to be forwarded to the proper authorities at once.

Commissioner Raymond moved that the money be forwarded to the Mayor of Corpus Christi.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Monahan, Raymond, Mayor Gillen.

City Counsel Congleton: There is to be a national campaign for the Roosevelt Memorial which takes place from October 20th to 27th. They have organized a county committee and a city committee. Judge Martin has been made chairman of the city committee and he called me on the 'phone a few moments ago to extend an invitation to the entire board to serve on the general committee for this purpose. They are going to solicit funds and this is going to be a nation-wide affair; it is non-partisan.

Commissioner Archibald moved that the Commission accept the invitation of Judge Martin to serve on the Roosevelt Memorial Committee, that we co-operate with the committee to do everything in our power to make the campaign a success.

A regular meeting of the Board of Commissioners of Newark, N. J., was held on the above date in the Council Chamber, City Hall, Newark, at 11 o'clock a. m.

Present — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The minutes of the meeting of October 2nd, 1919, were read and approved.

Mr. Arthur Baker, of No. 174 Washington Avenue, Newark, N. J., appeared before the Board and made the following statement: "Mr. Mayor and Commissioners: I am here today to complain about the condition of trolley cars on Washington Avenue; the Broad Line and the Paterson Line, flat wheeled cars, seven-eighths of them are flat wheeled. Gentlemen, the people cannot sleep up there at night. Cars come up there and you can hear them from one, two and three blocks away. Joe Crawford is the inspector, and there is a law on the statute books of the City of Newark which prohibits and imposes a fine for the running of cars in this condition. Joe Crawford does not give his attention to the Public Service. He gives all his attention to get the jitney men, the poor men and not the corporation. If Joe Crawford does not attend to his duty and bring charges against the Public Service for running flat wheeled cars we shall file a petition with the Grand Jury and file charges against Joe Crawford for not doing his duty, and I am one who will push it to the wall. A man who don't do his duty for people who pay his salary should be removed from office, and I am here this morning to bring this matter before your attention. These Paterson and Broad cars run right past this door and he can't even hear them. I am here to complain about this matter and I hope you will take immediate action. I want to say while I am on the floor that the Public Service cannot say now as they did a few years ago that they cannot get men for this work. The war is over now and the boys are back and they need the work."

Gentlemen, the people cannot sleep up there at night. Cars come up there and you can hear them from one, two and three blocks away. Joe Crawford is the inspector, and there is a law on the statute books of the City of Newark which prohibits and imposes a fine for the running of cars in this condition. Joe Crawford does not give his attention to the Public Service. He gives all his attention to get the jitney men, the poor men and not the corporation. If Joe Crawford does not attend to his duty and bring charges against the Public Service for running flat wheeled cars we shall file a petition with the Grand Jury and file charges against Joe Crawford for not doing his duty, and I am one who will push it to the wall. A man who don't do his duty for people who pay his salary should be removed from office, and I am here this morning to bring this matter before your attention. These Paterson and Broad cars run right past this door and he can't even hear them. I am here to complain about this matter and I hope you will take immediate action. I want to say while I am on the floor that the Public Service cannot say now as they did a few years ago that they cannot get men for this work. The war is over now and the boys are back and they need the work."

Commissioner Archibald moved

that this complaint be referred to the Director of the Department of Streets and Public Improvements for investigation.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mr. John Strahan appeared before the Board and made the following statement: "Mr. Mayor and gentlemen, I am here today to represent the National Daylight Saving Association. I might say a word just what it is and what they aim for. It is a non-partisan and non-political organization. About two or three years ago, before the passage of a National Act, the members of this association endeavored to have Congress pass a National Law on daylight saving. Since Congress has revoked this National Daylight Saving Law an effort has been made to have the various municipalities and States pass local ordinances and State laws to have this daylight saving continued. I have a memorandum here which I will distribute to the Commissioners, with a sample ordinance which is now being suggested in New York City and will in all probability be passed in New York City. The old law was a seven month law, running from March to October. The principal objection to this was that it ran too long. People said they had to get up in the dark in March and October, and the principal objection to the old law was that it ran too long. The new ordinance or law which is being suggested by the Daylight Saving Association runs from the last Sunday in April to the last Sunday in September. Our object is, if possible, to get the Commissioners of Newark to take up this question with a view to passing a local ordinance similar to the one now being suggested in New York City; also that a committee be appointed to investigate this matter

through public hearings, and if possible to get other local municipalities to pass similar ordinances so that we can all get the same law and be in unity with New York City, so that the commuters will have the same time here as in New York City. I do not think there is much doubt but what the people in New York City and the Eastern States are in favor of this daylight saving. The Congressmen from New Jersey voted as a unit for it. Representatives of the Eastern States have been strongly in favor of daylight saving, but have been outvoted by representatives from rural communities. The question will be brought up that there will be confusion unless it is universal, and that people will not be able to get trains at the right time. I merely want to say that this daylight saving was first introduced in Cleveland, Ohio, and the people there got to know that it was one hour ahead of standard time and they got along with it very well and there was no confusion, and if a city like Cleveland can get along with it, it seems to me if the cities of the East would get together on this thing and get unity they could get a daylight saving law back on the statute books."

Mr. Strahan then furnished each of the Commissioners with a copy of a proposed ordinance, which he stated was being suggested by his association throughout the country.

Commissioner Archibald: I think it is a good thing. What have they done with it in New York, Mr. Strahan?

Mr. Strahan: I understand that New York State has already passed a daylight saving law, but there seems to be a doubt whether the New York State Legislature is going to work out. New York City is going to suggest this ordinance. I believe it is before the Board of Aldermen now and they are holding public hearings on the question. It seems

certain that it will be passed. The sentiment of the Board of Aldermen seems to be very strong in favor of it. I am sure it will be passed and if it is it would be very foolish to have New York City on one basis and big cities in New Jersey on another. If I get definite information as to what has been done in New York I will appear again before this Commission and let you know.

Mr. L. J. Werner, of 444 Forest Street, Arlington, N. J., appeared before the Board and complained of alleged unfair treatment he had received at the Sixth Precinct Police Court. "Gentlemen, I come here today to complain of unjust treatment in a charge preferred against me by Mayor Mravlag, of Elizabeth, in the Sixth Precinct Police Court. Following are the facts in the case: On Friday at noon I was driving my car up Elizabeth Avenue and ahead of me was a car which was driven very rapidly, and it appeared to me that the driver was drunk or having no control over his machine. He was driving at times fast, at times slow, and principally occupying the center of the street, that is the left side of his car was at trolley tracks and occupying the centre of the street so that no one could pass him. I had to pull up to the right side. I blew my horn, to which he paid no attention. Then I saw a trolley coming towards me so I pulled toward the right curb and the man immediately noticed me coming from behind, turns to the right and crowds me pretty nearly on the sidewalk. Of course I slowed down as I was not going fast. Then he immediately went right ahead after cursing me or something. Half a mile further he gets a policeman and has me arrested for breaking the law in passing him on the right side. He represents himself as the Mayor of Elizabeth, Mr. Mraviag, and the policeman naturally took us to the Sixth Precinct Police Court,

where he formally made charges against me and I had to deposit \$25 to appear the following day for a hearing. I arrived at the court at 9 o'clock, and in passing the private chamber of the judge, I found that Mr. Mravlag was already in the chamber with the judge. Court did not open until 10:30 or quarter to eleven. During all that time Mr. Mravlag was in the judge's private room, and I have heard things which make me think that the application of justice and law was swayed in favor of Mayor Mravlag. When my case was called the judge asked Mr. Mravlag to state his side of the story. Immediately I was asked whether I was guilty or not guilty and without giving me a chance to state my side of the story. I said I was guilty of passing this man's right rear wheel."

Commissioner Brennan: The records show that you pleaded guilty to passing a standing trolley car.

Mr. Werner: I never saw a standing trolley car. I told the judge I had the testimony of my witness in an affidavit, but I could not produce him in court as he was in the Air Service of the Army at Greenwich, Conn., and he had to get back that day. The judge told me not to think that I could fool him with any fake affidavits. I feel I have been deprived of a lawful hearing and I cannot go any further. I cannot afford to spare any money to take this case to a higher court, but I have been instructed by the management of my factory to appear before you and advise Commissioner Brennan of the facts. I bring this matter to your attention for consideration.

Commissioner Brennan: Is it not a fact that you did not have any witnesses there?

Mr. Werner: I could not have my witness there because he was in Greenwich, Conn., and could not get in court in time, and it seems to me if the court had any account

of human sense which most of us possess he would advise me to produce the witness at some future date

Commissioner Raymond: He seems to be complaining of misconduct of the judge.

Mr. Werner: Yes, I feel I have not been treated fairly.

Commissioner Raymond advised Mr. Werner to go and see Judge Boettner and have him reopen the case and give him a hearing, in view of the fact that he did not have his witness with him and that the Board would notify Judge Boettner of his appearance before this Board

Commissioner Raymond moved that the Board notify Judge Boettner of the appearance of Mr. Werner before this Board and that he had been advised to see the judge with his witness and explain his case with a view to having the injustice corrected, if any exists.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Rev. Dr. Howard appeared before the Board and stated that at a meeting of the representative clergymen of this city yesterday afternoon representing all denominations it was unanimously decided that an official invitation should be extended through the offices of the Board of Commissioners of the City of Newark inviting Cardinal Mercier to come here and visit our city, and that he and Rev. Dr. Broening were here today as a Special Committee from the General Committee to place the matter before the Board of Commissioners with a view to having an official invitation extended to Cardinal Mercier to visit Newark. Dr. Howard then introduced Rev. Dr. Broening, who would state the purpose of the clergy.

Rev. Dr. Broening Mr. Chairman and gentlemen of the Commission: It will only take one or two minutes to present the case. At a meeting of the representative clergy of this city held yesterday afternoon, Dr. Howard and I were appointed a Special Committee to appear before this Commission for the purpose of having an official invitation extended through this Board to Cardinal Mercier to visit our city in the near future. These clergymen represent all denominations, and it was unanimously decided that a fitting invitation should be extended to Cardinal Mercier to visit our city. We felt that it would be a great honor to have this wonderful character, this prince among men, come into our midst. The committee is perfectly ready and perfectly willing to place itself at the disposal of this Commission for any services they may desire us to render along this line. We simply feel we would like the backing of this Commission in extending an official invitation to this distinguished man to come to our city and we feel, of course, that it would be a great moral and patriotic uplift to our city.

At the suggestion of that representative committee we are appearing before you gentlemen, asking that you extend an official invitation to Cardinal Mercier to visit our city at the earliest opportunity.

Commissioner Raymond moved that a proper and fitting resolution of invitation be prepared and adopted by this Commission inviting Cardinal Mercier to come here, and that we co-operate with these gentlemen in making his visit a fitting one.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mayor Gillen: We should find

out if there is any expense connected with this reception and how to take care of it.

Commissioner Raymond: If there is any expense it should be handled by the city. Dr. Broening, what sort of a reception do you intend to hold?

Rev. Dr. Broening: There would be some expense. It is the intention to have a general reception and gathering in the Armory and invite the general public. During the evening it is planned to hold a banquet in his honor.

Commissioner Raymond offered the following resolution:

Resolution prescribing the form of bonds for an issue of \$300,000 Water Bonds of the City of Newark.

RESOLVED, That the bonds to be issued under the ordinances entitled, "An Ordinance authorizing the issuance of \$300,000 Water Bonds of the City of Newark," passed October 2, 1919, shall be coupon bonds, registerable at the option of the holder as to principal only or as to both principal and interest, and shall be substantially in the following form:

No.

No.

UNITED STATES OF AMERICA
STATE OF NEW JERSEY
WATER BOND

\$1000.

\$1000.

The City of Newark, a municipal corporation in the County of Essex and State of New Jersey, for value received, hereby promises to pay to the bearer, or if this bond be registered, to the registered holder hereof, the sum of One thousand dollars (\$1,000) on the first day of November, 19 , with interest thereon from the date hereof at the rate of four and one-half per centum ($4\frac{1}{2}\%$) per annum, payable semi-annually on the first day of May and November in each year, upon presentation and surrender of the annexed coupons therefor as they severally become due, or, if this bond be converted into a fully registered bond, to the registered holder hereof. Both principal and interest of this bond are payable in gold coin of the United States of America of or equal

to the present standard of weight and fineness of The National State Bank of the City of Newark.

This bond may be registered as to principal by the holder in his name on the books of the Comptroller of said City, and such registration noted hereon, and shall thereafter be and continue transferable on the books of the said Comptroller by the registered owner hereof in person or by attorney, duly authorized, which registry shall be in like manner endorsed hereon by the said Comptroller. Such registration shall not affect the negotiability of the coupons, which shall continue to pass by delivery. At the request of the holder, this bond will be converted into a fully registered bond and the coupons hereto annexed detached and cancelled, and thereafter both principal and interest will be payable only to the registered holder hereof.

This bond is issued under and pursuant to an act of the Legislature of the State of New Jersey entitled, "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness, by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, and the amendments thereof and supplements thereto, and an ordinance duly adopted by the Board of Commissioners of the City of Newark on October 2, 1919.

It is hereby certified and recited that all conditions, acts and things required by the Constitution or statutes of the State of New Jersey to exist to be performed or happen precedent to or in the issuance of this bond, exist, have been performed and have happened, and that this bond, together with all other indebtedness of said City is within every debt and other limit prescribed by the Constitution or statutes of said State; and the faith and credit of said City are hereby pledged irre-

vocably to the punctual payment of the principal and interest of this bond in accordance with its terms.

IN WITNESS WHEREOF, said The City of Newark has caused this bond to be signed by its Mayor and countersigned by its Director of the Department of Revenue and Finance, and its corporate seal to be hereunto affixed and attested by the City Clerk, and the annexed coupons to bear the facsimile signature of said Director, and this bond to be dated November 1, 1919.

Mayor.

The roll being called, the reso-

lution was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

WHEREAS, On a private map known as the Charles A. Lent Map on file in the office of the Chief Engineer of the Department of Streets and Public Improvements on page 525 of Book of Private Maps, Pierce Street from the northerly side of Springfield Avenue to the southerly line of Old Magnolia Street, vacated, was laid out as a public street,

AND WHEREAS, The above mentioned portion of Pierce Street has never been accepted or opened by the City of Newark;

AND WHEREAS, Application has been made to this Board of Commissioners to release and extinguish the public right, if any, arising from such dedication;

AND WHEREAS, Under the provisions of Article 22, Section 4, of an act of the Legislature of the State of New Jersey, entitled "An Act concerning municipalities," approved March 27th, 1917, and the acts amendatory thereof and supplementary thereto, this Board is empowered, after public hearing, by ordinance to release and extinguish the public right arising from such dedication;

AND WHEREAS, It appears to this Board of Commissioners that said Pierce Street will not be a public benefit and that the public interest will be better served by releasing said lands from such dedication;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark, That an ordinance releasing and extinguishing the public right arising from the dedication of Pierce Street from the northerly line of Springfield Avenue to the southerly line of Old Magnolia Street, vacated, excepting from such

release and extinguishment such portion of Pierce Street included within the present limits of South Twelfth Street and Eighteenth Avenue, as the same is laid out on the Charles A. The following communication was received and read:

Department of Public Safety
City Hall
Newark, N. J.,
October 9th, 1919.

SUBJECT: Re Charges preferred against Patrolman William M. Flynn, of the Sixth Precinct.

To the Board of Commissioners of the City of Newark,
Addressed.

Gentlemen:

Patrolman William M. Flynn, of the Sixth Precinct, has been charged by Chief of Police Michael T. Long with a violation of Rule 17 of Discipline of the Police Division of the Department of Public Safety, in that he did on September 5, 1919, about 5 o'clock P. M., at the entrance to the offices of the Director of the Department of Public Safety in the City Hall conduct himself in a manner contrary to good order and discipline toward Director William J. Brennan, to wit: Said Flynn having requested said Director Brennan to transfer him from the Sixth Precinct and his request not being granted, said Flynn thereupon stated he would rather resign than continue in said precinct, and upon being informed by said Director Brennan that the matter of resigning was entirely up to said Flynn, said Flynn thereupon shook his finger at said Director Brennan in a threatening manner and at the same time saying: "You'll be sorry for this," and upon being remonstrated with by the said Director for his threatening attitude and language, said Flynn further said: "You'll be sorry for this; wait and see if you wont."

You will see from a reading of the charges that the acts for which Patrolman Flynn is to be placed on trial were directed to me, as Director of the Department of Public Safety, and it may be necessary for me to be a witness at such trial.

In view of these facts, I think that it would be improper for me to preside at the trial of these charges. I therefore request the Board of Commissioners to take jurisdiction

in this matter and fix a date for the hearing in this matter.

Respectfully yours,
William J. Brennan,
Director of the Department
of Public Safety.

Ordered filed.

Commissioner Raymond offered the following resolution:

WHEREAS, Charges have been preferred by Chief of Police Michael T. Long against Patrolman William M. Flynn, of the Sixth Precinct, for a violation of Rule 17 of Discipline of the Police Division of the Department of Public Safety, in that:

"he did on September 5, 1919, about 5 o'clock p. m., at the entrance to the offices of the Director of the Department of Public Safety in the City Hall conduct himself in a manner contrary to good order and discipline toward Director William J. Brennan, to wit: said Flynn having requested said Director Brennan to transfer him from the Sixth Precinct and his request not being granted, said Flynn thereupon stated he would rather resign than continue in said precinct and upon being informed by said Director Brennan that the matter of resigning was entirely up to said Flynn, said Flynn thereupon shook his finger at said Director Brennan in a threatening manner and at the same time saying: 'You'll be sorry for this,' and upon being remonstrated with by the said Director for his threatening attitude and language, said Flynn further said: 'You'll be sorry for this, wait and see if you don't,' " and

WHEREAS, The Director of the Department of Public Safety is disqualified from presiding at a trial of said charges by reason of his interest in said matter and has requested the Board of Commissioners to try said case;

THEREFORE BE IT RESOLVED, That Patrolman William M. Flynn be brought to trial before the Board of Commissioners for a violation of Rule 17 of Discipline of the Police Division of the Department of Public Safety, in that

"he did on September 5, 1919, about five o'clock p. m., at the entrance to the offices of the Director of the Department of Public Safety, in the City Hall, conduct himself in a manner contrary to good order and discipline toward Director William J. Brennan, to wit: said Flynn having requested said Director Brennan to transfer him from the Sixth Precinct and his request not being granted, said Flynn thereupon stated he would rather resign than continue in said Precinct and upon being informed by said Director Brennan that the matter of resigning was entirely up to said Flynn, said Flynn thereupon shook his finger at said Director Brennan in a threatening manner and at the same time saying: 'You'll be sorry for this,' and upon being remonstrated with by the said Director for his threatening attitude and language said Flynn further said: 'You'll be sorry for this, wait and see if you won't,' " on Thursday, the sixteenth day of October, 1919, at the hour of 10 o'clock in the forenoon, at meeting room of the Board of Commissioners, City Hall, Newark, N. J., and that a copy of said charges, together with a copy of this resolution be served upon the said William M. Flynn.

THE PRESBYTERY OF NEWARK

October 8, 1919.

To His Honor, the Mayor, and the Commissioners of Newark, N. J.

Dear Sirs:

At a meeting of the Presbytery of Newark, held in the Upper Montclair Church yesterday, the following resolution was unanimously adopted:

"Whereas, It has fallen to the lot of our own city to take the initiative in attempts to reduce the cost of living by the sale of Government goods;

Resolved, That we express our appreciation of the sincere efforts of the Mayor and Commissioners of the city of Newark in this regard;

That we endorse any efforts that are being made by public-spirited people to erect apartments or houses to meet the serious housing problem;

That the action of this Presbytery be conveyed in writing to the Municipal authorities of Newark and

also to the Committee in charge of the Housing Problem."

Attest:

David W. Lusk,
Stated Clerk.

Ordered filed.

FIRST CRIMINAL COURT OF THE
CITY OF NEWARK

Washington and Court Streets
Newark, N. J.,

October 8, 1919.

William J. Egan, Esq.,
City Clerk, City Hall,
Newark, N. J.

Dear Sir:

The name of John C. Howe has been forwarded me by the Civil Service Commission as being eligible for position of Deputy Clerk of the above Court and I have designated him as such.

The above will take effect October 15, 1919, and I would thank you to have same confirmed by the Board at the meeting of the City Commissioners to-morrow.

Yours respectfully,

M. J. Quigley,
Judge, First Criminal Court.

Ordered filed.

Commissioner Brennan: There is a question that arises as to the appointing power in this case. As I understand it the authority for making these appointments does not rest with the Judges of the Criminal Courts. I think it is a matter that should be taken up with the Law Department, and I would suggest that we have the Law Department give us a ruling in this matter in order to avoid future controversies that may arise.

City Counsel Congleton: I have had occasion to look that matter up, and I find that the Judges are no longer invested with that power. The Commission alone is invested absolutely in this connection. The Civil Service Commission should certify to this Board and you make the appointment.

Commissioner Raymond moved that the Civil Service Commission be requested to certify to this Board an eligible list of Deputy Clerks.

National Utilization Company
Waste Product Contractors
New York, October 1, 1919.

The City Commissioners,
Newark, N. J.

Gentlemen:

We find that in the operation of our plant on Plum Point Lane, we will be obliged to have a railroad siding on the Central Railroad of New Jersey, which would necessitate having the track cross Plum Point Lane about one hundred feet east of Foundry Street.

In connection with this, we request your Honorable Body to grant us in connection with the Central Railroad of New Jersey the privilege of putting a single track across Plum Point Lane at the above point.

Yours very truly,

National Utilization Company,
By Arthur N. Pierson,
President.

NEWARK, N. J.,

October 16th, 1919.

A special meeting of the Board of Commissioners of Newark, N. J., was held on the above date in the Council Chamber, City Hall, Newark, at 10 o'clock, to consider the charges of misconduct preferred against Patrolman William M. Flynn by Director of Public Safety William J. Brennan, in accordance with a resolution adopted by the Board of Commissioners at a meeting held on October 9th, 1919.

Present — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen, City Counsel Congleton, Frank E. Bradner, representing Patrolman Flynn, and William M. Flynn.

Mayor Gillen: We are prepared to hear the case of Patrolman Flynn.

City Clerk Egan started to read the charges preferred against Patrolman Flynn when Counsellor Frank E. Bradner interrupted by stating that he was satisfied to waive the reading of the charges.

Mr. Bradner: I investigated the matter carefully and I think there can be no doubt that the patrolman did use substantially the language mentioned in the charge. He did not shake his finger at the Director; that is, he does not remember doing it, but he may have been excited enough to do it. He did say to the Director, "You will be sorry for this," or words to that effect. I

NEWARK, N. J.,

J., was held on the above date in the Council Chamber, City Hall, Newark, at 10 o'clock, to consider the charges of misconduct preferred against Patrolman William M. Flynn by Director of Public Safety William J. Brennan, in accordance with a resolution adopted by the Board of Commissioners at a meeting held on October 9th, 1919.

Mayor Gillen: We are prepared to hear the case of Patrolman Flynn.

City Clerk Egan started to read the charges preferred against Patrolman Flynn when Counsellor Frank E. Bradner interrupted by stating that he was satisfied to waive the reading of the charges.

Mr. Bradner: I investigated the matter carefully and I think there can be no doubt that the patrolman did use substantially the language mentioned in the charge. He did not shake his finger at the Director; that is, he does not remember doing it, but he may have been excited enough to do it. He did say to the Director, "You will be sorry for this," or words to that effect. I

have advised him that no matter how great the irritation was and no matter what the Director may have done or said to him it was his duty to restrain himself and not to make any remark that might be misconstrued, and that I think he is technically in the wrong and ought to apologize to the Director and to this Board, and he is willing to do so on my advice. The reason, in view of what I have said, is this: That he did not intend any disrespect to the Director or to this Board or to his superior officer, and he did not intend to make any threat that he would take any action, or that he would try to enlist others to take action in the sense of getting square with the Director, but what he did mean to say was that he considered that he had been unjustly treated by being transferred, and that had been caused by misinformation given him; and that the Director, in the course of time, would learn the truth, and that then in the course of his own time he would feel remorse for what had been done and would be sorry in that sense. He did not intend to make any threat to the Director and if it will be acceptable to the Board Mr. Flynn will either make the apology himself or will stand by what I have said.

Mr. Bradner (addressing Mr. Flynn): Is that satisfactory to you?

Mr. Flynn: Yes, sir.

Commissioner Monahan moved that the matter be referred back to the Director of Public Safety with a recommendation for leniency.

Mayor Gillen: I would like to hear what the Director of Public Safety has to say before I vote on this matter.

Commissioner Brennan: I do not think it is up to me to say very much. The matter has been referred to you gentlemen to dispose of, and whatever your action is I shall endeavor to the best of my ability to carry out your wishes. I do not de-

sire to be placed in the roll of prosecutor and persecutor, and if it is satisfactory to the other members of the Commission Patrolman Flynn's apology is satisfactory to me.

NEWARK, N. J.,

October 16, 1919.

A regular meeting of the Board of Commissioners of Newark, N. J., was held on the above date in the Council Chamber, City Hall, Newark, at 11 o'clock A. M.

Present — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The minutes of the meeting of October 9, 1919, were read and approved.

Mr. Edward L. Miller, of 233 Chadwick Avenue, Newark, N. J., appeared before the Board protesting against the erection of 48 garages at 202-204-206 Chadwick Avenue and 729-731-733 Bergen Street. "I have a petition here signed by property owners against the building of 48 garages at Chadwick Avenue and Bergen Street. It seems

none of the property owners in the neighborhood knew of the building of these garages until they noticed an advertisement in the paper saying that 48 garages would be erected. I have a petition signed by all of the property owners in the neighborhood, the Minister of a church next to where these garages are to be constructed and the Principal of Bergen Street School.

Commissioner Raymond: What is the situation? Is the builder here?

Commissioner Brennan: This matter never came before the Board. Permit was granted last July. I am opposed to the building of garages in the immediate vicinity of a school.

Commissioner Raymond: I think we should give the garage man and these people a chance and give a hearing to both sides.

Commissioner Raymond moved that the protest against the erection of these garages be taken up one week from today, and that the Building Department be directed to notify the holder of the permit not to proceed with the building.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The roll being called, the resolution was declared adopted by the following votes:

Yeas — Commissioners Archibald,

Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Brennan moved that the title of "An ordinance to prohibit the opening and operation of barber shops in the City of Newark on the first day of the week, commonly called Sunday, and providing for penalties for violation thereof," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The clerk then read the title of the ordinance as follows:

An ordinance to prohibit the opening and operation of barber shops in the City of Newark on the first day of the week, commonly called Sunday, and providing penalties for violation thereof.

The ordinance having been read three times was then declared upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Brennan: I would like to ask a question while I am signing this ordinance which closes barber shops on Sundays. Among other things it provides for the manner in which barber shops shall be unobstructed by screens, shades or otherwise, and provides a penalty to be imposed. I do not see any provision other than that for enforcing the closing of these shops. I would like to know what department is responsible for the enforcement of this ordinance. It is a well known fact that there are not one-third of the police officers on the streets on Sundays that there are on other days, and it will be practically impossible

for the Police Department to cover the entire city and comply with this ordinance. It is a question of appointing about forty more policemen. If the barbers will call my attention to any places that are violating this ordinance I shall be glad to take action to enforce closing.

City Counsel Congleton: The police are required to enforce this law.

The following communications were received and read:

To the Board of Commissioners
of the City of Newark, N. J.

Gentlemen:

His Eminence Cardinal Mercier desires me to express to you his deep appreciation of the invitation with which you honor him.

The very limited time at his disposal and the numerous engagements already scheduled make it impossible to accept new appointments, much as he would like to do so.

Should any unforeseen circumstance arise later which would enable him to arrange a visit to Newark he will, of course, be very happy then to be able to accept your proposal.

While expressing his very sincere thanks, he begs you to transmit his greetings to the people of Newark, and to thank them for the very prominent part they took in Belgian relief and in war aid of every kind.

Yours faithfully,

F. DESSAIN, Secretary.

The following communication was received and read:

220 Chadwick Avenue,
Newark, N. J.,

October 22, 1919.

To the Commissioners of the
City of Newark.

Gentlemen:

I hereby protest against the erection of the public garages to be erected at the following following address, 729 to 733 Bergen Street and 202 to 206 Chadwick Avenue, in the City of Newark, the said

garages will be a menace to the adjoining property.

Owner of the following property: 739-741-743-747 Bergen Street, 220 Chadwick Avenue, part owner of 727 Bergen Street, 200 Chadwick Avenue.

Yours truly,

ANDREW A. DEMPSEY.

Ordered filed.

Superintendent O'Rourke: The application for the building of these garages was made on July 7th; it was advertised in accordance with the city ordinance on July 14th, 15th and 16th, and on July 19th a permit was issued, no protest having been made against the application. The owners of the proposed garage complied in all respects with the ordinance.

Commissioner Brennan: I would like to ask the City Counsel, Mr. Mayor, what can be legally done if the provisions of the ordinance have been complied with prior to the issuance of the permit for the building of these garages. Have we any power of revocation?

City Counsel Congleton: Not ordinarily unless there is misrepresentation.

Mayor Gillen: I think that before any permits are granted for these garages there ought to be a thorough inspection made of the neighborhood, and if it is purely residential they should not be granted.

Commissioner Brennan moved that the matter be referred to the Law Department for an opinion as to our power to rescind the permit issued.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond offered the following ordinance, which was read by the clerk:

An Ordinance granting to the Pennsylvania Railroad Company, lessee of the United New Jersey Railroad and Canal Company, the privilege of locating, constructing and maintaining a covered exit platform, with suitable ramp approaches, in Saybrook Place, in the City of Newark, in connection with the Park Place Station of said company.

WHEREAS, The Pennsylvania Railroad Company, Lessee of the United New Jersey Railroad and Canal Company, has requested of the Board of Commissioners of the City of Newark the privilege of locating, constructing and maintaining a covered exit platform, with suitable ramp approaches, in Saybrook Place, in the City of Newark, in connection with the Park Place Station of said Company.

The Board of Commissioners of the City of Newark do ordain:

Section 1. That the privilege of locating, constructing and maintaining on Saybrook Place, in the City of Newark, a covered exit platform with suitable ramp approaches, for use in connection with the Park Place Railway Station, be and the same is hereby granted to the Pennsylvania Railroad Company, Lessee of the United New Jersey Railroad and Canal Company.

Section 2. Said exit and approaches shall occupy a space approximately eighty feet in length and be of such width from the northerly side of the station as to leave a clear space between the same and the curb

line of at least six feet, the centre of platform of ramp to be about two hundred and eighty-six feet easterly of the intersection of the southerly line of Saybrook Place with the northeasterly line of Centre Street produced.

Section 3. The foregoing privilege is hereby granted on the express condition that said The Pennsylvania Railroad Company, Lessee of the United New Jersey Railroad and Canal Company, shall construct the said platform and approaches in a thoroughly first-class and workmanlike manner and to the entire satisfaction and approval of the engineer of the Department of Streets and Public Improvements of the City of Newark, and that it shall and will, at its own expense, construct a cement sidewalk along the northerly side of said terminal building, said sidewalk to occupy the entire space in width from said terminal building to the curb and to be connected in a proper manner with the full width sidewalks at either end thereof. All of said work to be performed and completed as laid out and delineated on a map on file in the office of said Engineer of the Department of Streets and Public Improvements, entitled "N. Y. Divn., P. R. R., N. J. Divn., U. N. J. R. R. & C. Co.

Proposed Exit and Ramp at Park Place Station, Newark, N. J., August 25th, 1919."

Section 4. The said The Pennsylvania Railroad Company, Lessee of the United New Jersey Railroad and Canal Company, its successors and assigns, shall indemnify and save harmless said The City of Newark, its officers, agents and servants, from any and all claim or claims whatsoever, for damages to any person, firm or corporation arising from or in any way connected with the granting of said privilege or by reason of the location, construction, maintenance or existence of said covered platform and approaches.

Section 5. The said Company shall at all times during the continuance of this privilege maintain and keep in repair the said approaches, platform and sidewalks.

Section 6. The said Board of Commissioners expressly reserves the right to revoke this consent on giving to said Company ninety (90) days' notice in writing of its intention so to do, and in case such notice shall be given the said Company shall at its own expense forthwith remove said ramp, platform and exit, and shall restore said street to its original condition, and that upon the neglect or refusal of said Company, for the space of thirty (30) days after the service of said notice, to commence the said work of restoration the said The City of Newark shall cause the same to be done, and the cost thereof shall be borne by said Company and paid by it to the said The City of Newark.

Section 7. This ordinance shall take effect immediately but shall not become operative until accepted in writing by said The Pennsylvania Railroad Company, Lessee of the United New Jersey Railroad and Canal Company, by the filing with the Clerk of the Board of Commissioners of the City of Newark its acceptance thereof duly executed according to law, within thirty (30) days after notice of the approval of this ordinance.

The following communication was received and read:

CITY COUNSEL'S OFFICE

Jerome T. Congleton
City Counsel

Newark, N. J., Oct. 23, 1919.

Subject: Opinion re: effect of Chapter 125, P. L. 1919 (Veterans' Act).

Board of Commissioners of
the City of Newark,
Addressed.

Gentlemen:

As directed by your Board, I have examined:

Chapter 125, of the Laws of 1919

(which amends the title and body of Chapter 65, P. L. 1897, known as the Veterans' Act),

for the purpose of determining whether this act controls your action in making appointments from an eligible list, certified to you by the Civil Service Commission, or whether you may select one of the three so certified, regardless of the fact that one is a veteran.

It is my opinion that this act, as amended, does not repeal the Civil Service Law of 1908 and the rules and regulations adopted under the same, and that it only gives preference for appointment in the public service to those in the non-competitive class and in the public service where Civil Service regulations are not in force.

You are therefore free, when asking the Civil Service Commission for an eligible list for the purpose of filling any office, to select any one of the three persons that may be certified to you, regardless of the fact that one may be a veteran.

Yours very truly,

Jerome T. Congleton,
City Counsel.

Ordered filed.

Commissioner Brennan: There is a possibility of the city procuring a fire boat that has been built for fire purposes and is now being rebuilt, I am informed, and will be practically a new boat. The protests that have been coming in from the shippers and manufacturers along the river front since the withdrawal of the fire boat make it necessary for us to do something to procure some agency for fire fighting along the river front. I therefore move that the Director of Revenue and Finance be authorized to prepare legal documents for a bond issue for the purpose of purchasing a fire boat and other fire apparatus for the coming year.

Commissioner Raymond: What would you have to pay for the boat you just mentioned?

Commissioner Brennan Possibly between \$45,000 and \$50,000. This boat is for sale. It has been in service in the City of New York and is now being rebuilt. We can purchase this boat for possibly one-third less than what it would cost to have a new boat built.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Brennan offered the following resolution:

RESOLVED, That the Director of the Department of Public Safety be and he is hereby authorized to advertise for sealed proposals for furnishing one fire boat with necessary equipment in accordance with specifications.

William J. Brennan,
Thomas L. Raymond,
Charles P. Gillen,
A. Archibald,
John F. Monahan.

The roll being called, the resolution was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mayor Gillen: City Counsel Congleton is prepared to give us an opinion on the housing proposition.

City Counsel Congleton: I have gone into the matter very thoroughly and have reached the conclusion that the city has no authority to go into the matter of building houses or of raising funds and loaning it to any outside concerns. Under the Constitution the city has no right to loan its credit or loan its property to any private association or individuals, and I find no authority which authorizes the city to go into this matter on its own responsibility.

Commissioner Raymond moved to adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

**NEWARK, N. J.,
October 30th, 1919.**

A regular meeting of the Board of Commissioners of Newark, N. J., was held on the above date in the Council Chamber, City Hall, Newark, at 11 o'clock a. m.

Present — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The minutes of the meeting of October 23rd, 1919, were read and approved.

Mr. John W. Strahan, of No. 79 Halsey Street, representing the National Daylight Saving Association, and Colonel J. W. Howard appeared before the Board to urge the adoption of an ordinance covering daylight saving. Their contention was that daylight saving would save gas and electric light bills in the United States of about \$40,000,000; would save over 1,000,000 tons of coal in the production of gas and electricity in the United States; would have a tendency to stimulate home gardening and would be a great aid to public health and happiness. The argument that the railroads would run at another time can be disposed of by the appointing of a committee to meet with the railroad heads and adjust trains to meet the wants of commuters.

Commissioner Brennan. Possibly between \$45,000 and \$50,000. This boat is for sale. It has been in service in the City of New York and is now being rebuilt. We can purchase this boat for possibly one-third less than what it would cost to have a new boat built.

NEWARK, N. J.,

October 30th, 1919.

A regular meeting of the Board of Commissioners of Newark, N. J., was held on the above date in the Council Chamber, City Hall, Newark, at 11 o'clock a. m.

Present — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The minutes of the meeting of October 23rd, 1919, were read and approved.

Mr. John W. Strahan, of No. 79 Hulsey Street, representing the National Daylight Saving Association, and Colonel J. W. Howard appeared before the Board to urge the adoption of an ordinance covering daylight saving. Their contention was that daylight saving would save gas and electric light bills in the United States of about \$40,000,000; would save over 1,000,000 tons of coal in the production of gas and electricity in the United States; would have a tendency to stimulate home gardening and would be a great aid to public health and happiness. Commissioner Raymond moved that a public hearing be held at 10 o'clock next Thursday morning to consider the matter of daylight saving and notices inserted in the newspapers in the discretion of the city clerk.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mr. Andrew A. Dempsey appeared before the Board to protest against the erection of public garages at 202-06 Chadwick Avenue and 729-33 Bergen Street.

City Counsel Congleton, who was called upon by Mayor Gillen, made the following statement in connection with this matter: It is my opinion that this party, having obtained the permit and having contracted for the erection of the garages, has a vested property right in that permit now which you cannot revoke. Assuming now that it was obtained without any fraud or misrepresentation, you have no more right to revoke this permit than you would have to revoke a permit where you had granted permission to erect frame buildings within the fire limits.

Mayor Gillen offered the following resolutions:

RESOLVED, That the sum of Twenty-three thousand two hundred and eighty-nine dollars and sixty-five cents (\$23,289.65) be and the same

The Board of Commissioners,
City Hall, Newark, N. J.

Sirs:

I have a tonsorial shop at the above address which is on the Newark side of the city line between Newark and Irvington. Across the street, about 100 feet away from the line, there is another shop.

Four or five dollars that I make on Sunday morning means a great

deal to me in these times and I cannot afford to lose it.

Will you please see what you can do for towards letting me stay open on Sunday until 12 o'clock?

Yours respectfully,

ROSARIO TODARO.

Subject: Re: Sale of lands forming part of Estate of Alice W. Hayes.

The Board of Commissioners of
The City of Newark,
Addressed.

Gentlemen:

In pursuance of a resolution passed by the Board of Commissioners on October 9, 1919, I advertised for sale on Thursday, October 30, 1919, certain lands and premises situate in the City of Newark, Essex County, New Jersey, more particularly described as follows:

BEGINNING in the westerly line of Broad Street at the southerly corner of land of Charles S. Macknet, deceased; thence along said street south 29° 30' west 33 feet to the middle of the partition wall between the house on the premises hereby conveyed and house adjoining on the south, now belonging to William T. Carter; thence about north 60° west through the middle of said partition wall and along a fence in continuation thereof 250 feet to a point distant southerly exactly 33 feet from the southerly line of said Macknet's land, parallel with Broad Street; thence north 29° 30' east 33 feet to said Macknet's land; thence along same south 60° east 250 feet to the BEGINNING.

The highest bidder for said prem-

ises was McAllister, Carton & Stultz Corporation, which bid \$32,600. I accordingly struck off said property to said purchaser, in accordance with said bid, said sum of \$32,600 being the highest and best price which I could receive.

Yours very truly,

JOHN F. MONAHAN,

Director of the Department of Parks and Public Property of the City of Newark.

Board of Education,
Newark, N. J.,

October, 29, 1919.

Mr. W. J. Egan,
City Clerk, Newark, N. J.

Dear Sir:

Your communication addressed to the Board of Education, stating that at a meeting of the Board of Commissioners of the City of Newark held October 23rd, Myron W. Morse appeared and requested that the flags on the school houses, fire houses and police stations be lowered every night and put up every morning, excepting on rainy days, and referring so much of this request as pertained to school houses to the Board of Education, was presented to the Committee on Instruction and Educational Supplies at the meeting held on Monday evening, October 27, 1919, and I was directed to inform you that the State law requires that the American flag be displayed on or near the school buildings every school day and that a circular has been issued by the Superintendent of Schools, instructing the principals to see that the flag is displayed on or near their school building from 7:30 A. M. to 5:30 P. M., and that this order is being carried out.

Trusting that this is satisfactory.
I remain

Yours truly,

R. D. ARGUE, Secretary.

Pittsburgh, Pa.,
October 28, 1919.

Mr. Wm. J. Egan,
City Clerk,
Newark, N. J.

Dear Sir:

I received your letter and telegram of October 21st and beg to confirm my wire, telling you that owing to alterations in the Cardinal's plans, due to the dock strike in New York, it will be impossible for him to prolong his stay—in fact he will have to sail earlier than he had intended. I am, therefore, sorry to have to give you such a disappointing answer.

His Eminence bids me again to express his warmest greetings to the clergy and laity of your city.

Yours very truly,
F. DESSAIN, Secretary.

Dear Mr. Egan:

I am enclosing a petition to me by Dr. H. Vander Roest, of 10 Orchard Street. The petition is from residents of Orchard Street and complains of alleged dangerous factory conditions.

Yours truly,
CHARLES P. GILLEN,
Mayor.

To the Commissioners of
The City of Newark:

The subscribers respectfully present that they are property owners and residents in the immediate vicinity of No. 13 Orchard Street, in the City of Newark, New Jersey; that there has been upon said No. 13 Orchard Street for many years a jewelry factory which has recently changed

hands and is now undergoing alterations; that within the last few days they have been credibly informed and believe it to be true that the said factory, when altered, is to be used for the manufacture of celluloid goods, a substance highly inflammable and involving an extreme fire risk, not only to the place upon which the business is conducted, but also to neighboring property; that there are now being built upon the said factory premises vaults for the storage of celluloid, or like substances—provisions which in themselves demonstrate the extreme inflammable character of the material to be carried upon the place.

It is probably within the recollection of the Commissioners that years ago a celluloid plant was permitted to exist upon Mechanic Street, in the City of Newark, in which there were frequent fires, and which was finally totally destroyed with loss of life through a fire lasting for more than two days. Since this disastrous fire it has been the general opinion of our people that factories, involving such dangers, ought not to be carried on in the heart of the city, and up to the present time none have been permitted.

Your petitioners respectfully show that it is unjust to their property interest, hazardous beyond reasonable limits to those residing in the locality affected, and against the better judgment of all those who have the interests of Newark at heart to permit the use of the proposed factory for the proposed purpose, and respectfully petition that your body exercise its authority to prevent the use of the factory for the manufacture of articles made of celluloid or like inflammable material.

Protest Against Daylight Saving.
To the Board of Commissioners
of the City of Newark, N. J.

Gentlemen:

We, the undersigned, all of full age and living in the City of Newark, N. J., do hereby protest against any action by the Board of Commissioners of the City of Newark, N. J., and of any County, State or Federal authority intended to continue or to revive to any extent whatever the so-called "Daylight Saving" measure.

We have found the effect of turning the clock forward one hour to be a hardship to be endured as a war measure only, and we shall regard the attempted continuation or revival of that measure as an attack upon the best interests of the residents of this city and of those who live elsewhere but come to this city daily.

(Signed by twenty-five residents of Newark.)

Dated at Newark, N. J., October, 1919.

Ordered filed.

Commissioner Raymond offered the following ordinance which was read by the clerk:

An Ordinance to provide for the vacation of Belgium Street (formerly German Street) from the westerly line of South Eleventh Street westerly about 44.08 feet to its terminus at a property line.

The Board of Commissioners of the City of Newark do ordain:

Section 1. NEWARK, N. J.,

November 6, 1919.

A regular meeting of the Board of Commissioners of Newark, N. J., was held on the above date in the Council Chamber, City Hall, Newark, at 11 o'clock a. m.

Present: Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The minutes of the meetings of October 30, and November 5, 1919, were read and approved.

Mr. John W. Strahan, representing the National Daylight Saving Association, appeared before the Board to urge the passage of an ordinance in reference to daylight saving. "I have addressed letters to various leading manufacturing industries of Newark to find out if they were in favor or against daylight saving. I did not make the letter partisan, nor did I present any reasons for or against daylight saving. I have here the result of my investigation. In all the letters I have re-
